PROFESSIONAL EXPERIENCE

Web Developer

BeBeyond Digital Solutions | June 2025 – Present

- Developed scalable and responsive web applications using React.js, focusing on performance and user experience.
- Built dynamic UI components and integrated APIs for real-time data handling in SaaS-based projects.
- Delivered end-to-end solutions including frontend development, deployment, and CMS/Shopify integrations.
- Leveraged AI-assisted tools to accelerate development, debug efficiently, and quickly implement new features

Internship & Asst. Web Developer

HELP PEOPLE TO SAVE PEOPLE TRUST (NGO) | January 2023–January 2025

- Developed interactive UI components using HTML, CSS, and JavaScript to enhance the NGO's website functionality and visual appeal.
- Designed and implemented interactive forms to improve user engagement and streamline data collection.
- Contributed to documentation, presentations, and design support using Microsoft Office tools, assisting in awareness and outreach campaigns.

PROJECTS

Employee Management System

React | Node Js | ExpressJs | Firebase | PostgreSQL | Vercel | Render

- Developed a full-stack employee management system using React.js, Node.js, Express.js, Firebase, and PostgreSQL with real-time data handling, authentication, and efficient employee record management.

Billing Software

React | Tailwind | Node Js | ExpressJs | Firebase | Vercel | Render

- Built a full-stack billing system using React.js, Node.js, Express, and Firebase with real-time data sync and Google Sheets integration, enabling efficient invoice management and seamless data handling.

SkyPro Aviation Website

WordPress | React | Node Js | ExpressJs | Firebase | Vercel | Render

- Developed the SkyPro Aviation platform with a WordPress-based main website and custom full-stack admission system for secure form and student data management.
